

#### INTERNATIONAL MEMORIAL DAY SOCCER TOURNAMENT

Dear friends, managers, coaches and all the others involved in sports, who love soccer, we would like to take this opportunity to inform you that the Soccer Club Bosna-Hercegovina, which competes in the Denver Kicker's Premier League, in association with the German Sports Club "Denver Kickers", is organizing a first traditional Memorial Day Tournament in soccer, which will be held May 28th and 29th (Saturday and Sunday), on the small fields of German Sports Club "Denver Kickers" and Fairmont Park in Golden. This tournament will be held in the memory of all the casualties of all the wars around the world. Our hope is that in this way we will contribute to making soccer more popular and better known in our community, in our league and generally in our state of Colorado. We would also like to make new friendships and promote new ideas, as well as new, young and talented soccer players. At the tournament we are expecting to have over 20 teams from all the leagues in our state, as well as teams from other states participating. The games will be played with 6x6 players. Every team can register the minimum of 6 and maximum of 10 players. The games will be played 2x20 minutes, and with minimum of 3 games per team. The cost of participating in the tournament is \$200 per team or \$20-\$25 per player. All the money collected will be used for good causes and for promoting of young new talents, of which some might get a chance to try out for the professional soccer clubs. For the winner of the tournament as well as for the 2nd and 3rd place, there will be trophies as well as monetary awards. We hope that you will recognize and support our good intentions and register your teams. During the tournament all the players and the fans will have access to the restaurant, which is the part of the German Sports Club, with especially good quality food and drinks at very affordable prices.

-Sincerely and with best wishes,

Direktor of the Tournament - Biagio Clemente tel 720-413-7447
